## **Report RS 2014:05 of the Swedish Accident Investigation Authority**

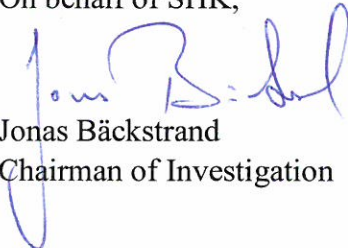

---

The 13 May 2014 The Swedish Accident Investigation Authority (Statens haverikommission – SHK) published the report RS 2014:05 about the grounding of M/V Trans Agila in Kalmarsund, Sweden, the 29 November 2012. In the report a safety recommendation was issued to the the classification society Germanisher Lloyd.

The classification society has not replied to the safety recommendation.

SHK decides to close the dossier (Closed – no reply).

On behalf of SHK,

Jonas Bäckstrand  
Chairman of Investigation
