Assessment of recommendation response from the Swedish Transport Agency

On 18 January 2023, the Swedish Accident Investigation Authority (SHK) published a final report (SHK 2023:01) into the fire on the vessel ALMIRANTE STORNI, December 2021 off Gothenburg. In the report, SHK directed one safety recommendation at the Swedish Transport Agency (SHK 2023:01, R3).

The Transport Agency has responded to the safety recommendations and described the action that has been taken and that will be taken in future. SHK deems the safety recommendations to have been implemented (Concluded – satisfactory response).
