## **Assessment of recommendation response Swedish Coast Guard**

On 18 January 2023, the Swedish Accident Investigation Authority (SHK) published a final report (SHK 2023:01) into the fire on the vessel ALMIRANTE STORNI, December 2021 off Gothenburg. In the report, SHK directed two safety recommendations at the Swedish Coast Guard (SHK 2023:01, R4 and R5).

The Coast Guard has responded to the safety recommendations and described the action that has been taken and that will be taken in future. SHK deems the safety recommendations to have been implemented (Concluded – satisfactory response).
