## Assessment of recommendation response from the Swedish Transport Agency

---

On 3 February 2022, the Swedish Accident Investigation Authority (SHK) published a final report (RL 2022:01) into a serious incident involving a near collision at Arvidsjaur Airport. In the report, SHK directed two safety recommendations at the Swedish Transport Agency (R1 and R2).

The Swedish Transport Agency has responded to the safety recommendations and described the action that has been taken and that will be taken in future.

SHK deems the safety recommendations to have been implemented (Concluded – satisfactory response).

Best regards, Kristina Börjevik Kovaniemi
