Assessment; safety recommendation issued to Bulkship Management AS

On 3 June 2016 the Swedish Accident Investigation Authority (SHK) published a report, RS 2016:04, concerning collapsed loading crane on the vessel OSLO WAVE in Bollstabruk, Sweden, on 9 June 2015. In the report SHK issued a safety recommendation to Bulkship Management AS (RS 2016:04 R1).

Bulkship Management AS has responded to the recommendation describing the action that has been taken as a result of the recommendation made in the report.

SHK considers the reply an adequate response to the safety recommendation issued.
