Assessment of recommendation response from VIKING Norsafe

On 13 July 2022, the Swedish Accident Investigation Authority (SHK) published a final report (RS 2022:07) into a very serious marine casualty at Frihamnen harbour in Stockholm.

In the report, SHK directed a safety recommendation at VIKING Norsafe Life-Saving Equipment A/S (VIKING Norsafe) (RS 2022:07 R3).

VIKING Norsafe has responded to the safety recommendation and submitted an amended Operation & Maintenance Manual for the lifeboat type.

SHK deems the safety recommendation to have been implemented (Concluded – satisfactory response).

Best regards,

John Ahlberk
Director General, Chair of investigation
