### **SHK's assessment of the reply to the safety recommendation from Norra Älvsborgs Räddningstjänstförbund (the rescue ser- vices)**

---

The 26 October 2016 the Swedish Accident Investigation Authority (Statens haverikommission – SHK) published a final report (RS 2016:08) concerning a very serious marine casualty concerning the tug boat ÖRING and a barge. In the report SHK issued a safety recommendation to Norra Älvsborgs Räddningstjänstförbund - NÄRF (the rescue services).

NÄRF has replied to the safety recommendation and described the measures taken.

SHK considers that the safety recommendation has been taken care of. (Closed – adequate response)
