Ämne: RE: Safety recommendation RL 2015:10 (R1)

Dear Stefan,

The oversight report is confidential and not distributable to third parties outside ECAA. Since the Swedish SHK is already finished the investigation report, the oversight report does not contribute to it for further details. However, if the oversight report will be a part of the other investigation or actions by member states CAA's and EASA, it may be distributable on the confidentiality bases.

Best regards,

Kaupo Toodu
Head of operations department
Estonian CAA
