Assessment of EASA's response to safety recommendation

On 23 October 2023, the Swedish Accident Investigation Authority (Statens haverikommission – SHK) published the final report SHK 2023:12 about an accident involving an aircraft of the type UC-1, Twin Bee in Lake Siljan, Dalarna County on 18 July 2022. In the report SHK addressed a safety recommendation (SHK 2023:12 R1) to EASA.

EASA has responded to the safety recommendation and described the measures that the authority will take. SHK considers that the response is satisfactory and that the recommendation has been addressed adequately. (Closed – adequate response).

Best regards,

Kristina Börjevik Kovaniemi
Chair of investigation
