Assessment of TT-Line GmbH & Co. KG's response to safety recommendation

On 8 September 2023, the Swedish Accident Investigation Authority (Statens haverikommission – SHK) published the final report SHK 2023:11 about a crush incident during loading operation in the Port of Trelleborg, Sweden, 19 August 2022. In the report SHK addressed three safety recommendations (SHK 2023:11 R1-R3) to TT-Line.

TT-line has responded to the safety recommendations and described the measures that the company will take. SHK considers that the response is satisfactory and that the recommendations have been addressed adequately. (Closed – adequate response).

Best regards,

Kristina Börjevik Kovaniemi
Chair of investigation
