Assessment of the Swedish Transport Agency's response to safety recommendation

On 8 September 2023, the Swedish Accident Investigation Authority (Statens haverikommission – SHK) published the final report SHK 2023:11 about a crush incident during loading operation in the Port of Trelleborg, Sweden, 19 August 2022. In the report SHK addressed a safety recommendation (SHK 2023:11 R4) to the Transport Agency.

The Transport Agency has responded to the safety recommendation and described the measures that the authority will take. SHK considers that the response is satisfactory and that the recommendation has been addressed adequately. (Closed – adequate response).

Best regards,

Kristina Börjevik Kovaniemi
Chair of investigation
